**FOR IMMEDIATE RELEASE**

## **Maristhill Nursing & Rehab Center Recognized for Environmental Programs through Partnership Award**

JOINS NATIONAL HONOR ROLL OF HEALTHCARE FACILITIES COMMITTED TO ENVIRONMENT

WALTHAM, MA – (May 24, 2010) **Maristhill Nursing & Rehabilitation Center**, a non-profit provider of rehabilitative services, short-term and long-term care located in Waltham Massachusetts, was honored today with a “Partner Recognition Award” by **Practice Greenhealth**, a national membership organization for health care facilities committed to environmentally responsible operations.

The award is one of the organization’s Environmental Excellence Awards given each year to honor outstanding environmental achievements in the health care sector. This year’s awards were held in conjunction with *CleanMed 2010*, a global conference for environmental leaders in health care. “Maristhill has been singled out for their efforts to protect patient health and preserve the environment,” said **Anna Gilmore Hall**, Executive Director of Practice Greenhealth. “Their approach to health care demonstrates a keen understanding of the impact our activities have on the environment and a commitment to build on the achievements they have made so far.”

“All of us at Maristhill are proud of this award and of being recognized by Practice Greenhealth,” said **Carolyn Fenn**, Maristhill’s Administrator. “We have always been respectful of the environment and will continue to work on making improvements in support of green initiatives.”

Practice Greenhealth is the nation’s leading membership and networking organization for institutions in the healthcare community that have made a commitment to sustainable, eco-friendly practices.
