WALTHAM, MA – (October 19, 2010) **Maristhill Nursing & Rehabilitation Center**, located in Waltham Massachusetts, recently announced that they have completed a renovation project in their on-site rehabilitation center.

The scope-of-work included updating the center's comprehensive rehabilitation gym, which is now equipped with a fully-functional kitchen outfitted with working appliances and cabinetry along with a fully-functional bathroom that includes a bath tub.

"Access to all of the items patients regularly make use of at home enables our staff to conduct the best safety assessments and interventions," said **Dhaval Prajapati**, Rehab Manager. "The state-of-the-art improvements will help us ensure a safer return to independent living for our patients."
